River Lily Events
9608 Thomaston Highway
Woodland, GA 31836

Located just steps away from the legendary Yellow Jacket Shoals, River Lily Events is owned and operated by river lovers (and Flint Riverkeeper members!) Fred and Pam Whittaker. A serene location directly along the river, River Lily Events has been the site of many special moments including weddings, engagements, birthdays and fun paddle trips! And we're excited to show you this beautiful property.

The evening will feature a catered dinner, open bar, live music, silent and live auctions, raffle for a NuCanoe FLINT kayak, stories of the property, and fellowship with other Flint River friends.

All proceeds from the event benefit Flint Riverkeeper's program work to protect and restore the Flint River watershed. We work to ensure there is enough clean water throughout the Flint system for everyone to use.

Sponsorships of this well-attended event are a large part of the continued success. This year marks the 9th annual Flint Riverkeeper dinner and auction event. Each year, the location has been within the Flint watershed at stunning private property showcasing the river and natural history of the area.

You or your company can be a part of this distinctive event celebrating the beauty of the Flint River and the work of Flint Riverkeeper by sponsoring this year's event at River Lily Events.

All donations are tax-deductible and sponsorship incentives are listed on the back page.

Flint Riverkeeper appreciates your support
and encourages your donation! *Thank you!*
